TREMONT MILLS.
Teas, Coffees, Chocolates, Cocoas, Spices, &c.
WHOLESALE—AND ALSO IN SMALL PACKAGES

E. E. DYER & CO.,
(Sign of the Chinaman grinding Coffee,)
141 *WASHINGTON STREET BOSTON,*

Supply the best, finest and purest articles, at the *lowest Cash prices.* Their Stock consists of

Teas, Coffees, Chocolates, Allspice, Pepper, Mustard, Ginger, Cayenne Pepper, Nutmegs, Cinnamon, Cloves, Cream Tartar, Taraxacum or Prepared Dandelion Root, &c.

Having every facility for manufacturing and preparing the several articles named, the public may rely on having them *pure* and *genuine*, as they are put up carefully, and bear our name and label, "TREMONT MILLS, E. E. DYER & CO." To give consumers some idea of our sales, we annex the following scale of prices, viz:

5lb. Souchong Tea,	1,50	5lb. Mocha Coffee,	1,00
5lb. Oolong Tea,	1,75	5lb. Java Coffee,	90
5lb. Y. Hyson Tea,	2,25	8lb. good Coffee,	1,00

The Spices are put up in ¼ and ½ lb. tin cases, expressly for family use, and are warranted to be strictly a pure article, and only need a trial to establish them in public favor.

SPANISH COFFEE.—We would call the attention of consumers and dealers to our *Spanish Coffee*, as an article which is highly esteemed, and gives the greatest satisfaction. It is prepared with particular care, and by a peculiar process in roasting, one pound of this coffee, it is believed, is equal to 1½ lbs. of any other.

DANDELION COFFEE.—This article is carefully prepared at our mills, and put up in packages having our trade mark, and may be relied upon as the best and most approved mixture of dandelion and coffee.

TARAXACUM, or *Prepared Dandelion Root.* This article is prepared and roasted at our Mills, is retailed by Family Grocers generally in city and country, and bearing our trade mark, "*Chinaman grinding coffee*," may be relied upon as the *genuine article.* The proportion used is about one half the quantity of coffee. The price is 20 cents per pound, and it is warranted to be the same as that which has been sold for fifty cents a pound by druggists.

The medical properties of Dandelion are well known, and held in high estimation by all who use it. This being a preparation of the root, with all its medicinal virtues retained, can be mixed with coffee or not, as best suits the taste, and will be found cheap and economical as a family beverage, one pound of which being nearly equal to two pounds of coffee. It is prescribed by many eminent physicians, to invalids, children and aged persons, as a nutritious beverage, and as a remedy for Dyspepsia, Bilious affections, &c.

Be careful to observe that all our Taraxacum has our trade mark—"Chinaman Grinding Coffee"—as there are many imitations of our article *called* Taraxacum in the market.

To Grocers and Dealers a liberal discount is made enabling them to supply their customers at the same low rates.

TO CASH PURCHASERS.—Our object being to secure large sales at small profits, we offer inducements which cannot be afforded by those who do business on the credit system; and we confidently invite an examination of the *quality* of our stock, and our prices, as compared with those of any other house.

REPUBLICAN STATE CONVENTION.

Theory and experience demonstrate that parties are inevitable and necessary wherever the people select their own rulers and have a voice in their own affairs. From the time the American people became an independent nation, parties began to form holding different opinions as to pending measures and the true theory of republican government. They are necessary to the political health of the people, and the right direction and safety of the government.

Since the early years of the republic there has existed in this country no party whose principles and purposes have been more in harmony with the Declaration of Independence and the Constitution of the United States, than those of the present Republican party. The causes which produced the American Revolution, and led to the establishment of our National Independence, are identical with those which led to the formation of the present Republican party—resistance to tyranny, and the preservation of Liberty from the attacks of its unscrupulous foes. Shall an overbearing and aggressive oligarchy with its feet on the necks of four millions of slaves, retain its present possession of the national government, or shall democratic Liberty be its vitalizing and controlling force? This is the question which now presses on the American people for decision.

The advances and outrages of the Slave Power for a series of years, have irritated extremely the citizens of the Free States, and led to repeated efforts to form a party that should grapple with it successfully at the ballot box and in the halls of Congress. But not until the stupendous political crime and shameful violation of national faith of breaking down the Missouri Compromise and attempting to force Slavery into free territory by arms, were the ties of former political organizations snapped asunder, and a general movement made among the people to organize a new party for the preservation of Liberty and the restoration of the national government to the policy and aims of its founders.

In the brief period of two or three years the Republican party has grown to a size and strength without a parallel in the political history of this country. Imperfectly organized as it was in the Presidential contest of last year it encountered the whole force of the Pro-Slavery Democracy having the immense corps of national officers and the resources of the general government at their command with a strong third party skillfully playing into their hands and came near being victorious, taking complete possession of Eleven States, and making a well nigh successful effort in several others. Another such contest and the slave driving democracy is overwhelmingly defeated.

The causes which led to the formation of the Republican party exist now in full force, and necessitate its continuance. If Kansas should be admitted into the Union a Free State to-morrow the reasons for the existence of the Republican party would not cease or be diminished—The repeal of the Missouri Compromise, the raid on Kansas, the establishment of the Cincinnati platform, the Dred Scott decision, and the present course of Buchanan's Administration, clearly prove that our national policy has been reversed—that the original purposes of the government are not regarded by the party in power. The policy of the pro-slavery democracy in Kansas is but an incident in its great plan of Slavery propagandism—but a cat in the back of its actual and prospective villanies. The government must be wrested from the control of the Slave Power and restored to its original purity and purposes of Liberty and the Union will be lost.

The Republican citizens of the Free States hold fast to these fundamental truths of the Declaration of Independence—that all men are created free and equal—and claim the political right to oppose American Slavery so far as it seeks to extend its power and dominion beyond the limits of the States in which it exists. While the Republican party is sternly and unflinchingly adverse to the extension of Slavery it declares its devotion to the Constitution of the United States and its respect for State Rights, and leaves Slavery in the States where it exists to the exclusive control of those States themselves, who alone are responsible for it and alone have the legal power to extinguish it.

That the Republicans of Maine may continue firm, coherent and united they will keep the party fully alive to its main object—the preservation of Liberty, the Constitution and the Union—never forgetting that its platform is NATIONAL, and that by understanding regarding it, can the party best be preserved and its objects most certainly secured. State measures and State policy they will meet according to their best wisdom and discretion, shrinking from no just responsibility seeking for the most practicable and the best.

The citizens of the State who recognize, as of paramount importance the issue which the Platform adopted by the Philadelphia Convention, on the 17th of June, 1856 presents, opposition to the Pro-Slavery policy of the past and present Administration and the necessity of a National Organization on the basis of that issue, as the only practicable mode of peaceable and constitutional resistance to the arrogant aggressive and intolerant spirit of that policy of which the repeal of the Missouri Compromise the lawless invasions of Kansas and the decision of the Supreme Court in the Dred Scott case, are illustrations and proofs—are requested to meet in REPUBLICAN CONVENTION IN NOROMBEGA HALL, BANGOR, THURSDAY June 25, at ten o'clock, A. M., to nominate a candidate for Governor and to transact such other business as the interests of the Republican party of the State may require.

The Convention will be composed of delegates from cities towns and plantations, according to the following basis of representation:

Each city town and plantation shall be entitled to one delegate. Each city town and plantation that cast seventy five votes for the Republican candidate for Governor in September 1856 shall be entitled to an additional delegate and one delegate to every hundred votes for said candidate in September 1856, above seventy five.

MAY 20, 1857.

Governor Walker has prepared a cunning address to the people of Kansas, a copy of which he has left behind him. He broaches in it the threatened idea of a new slave State below Kansas, and embracing, probably, part of that territory. The talent of the administration and of the Democratic party will probably be devoted to a rapid developement of this new scheme, so that we may have next winter the material for another compromise for the benefit of slavery.—*Traveller.*

A LONG RIDE. A company recently took a train of cars from Memphis to Savannah, a distance of 750 miles, which was performed without change of cars in *fifty-two hours.*

A Revolting state of ignorance is reported in a Charlotte, N. C. journal, which states that Nugent, a quack doctor in that vicinity, had been in the habit of robbing graves for the purpose of extracting medical properties from the flesh and bones of dead bodies, and then burning them. His crime was discovered, and the people were about to inflict summary punishment upon him, but found him dying, either from taking poison or from handling dead bodies. Before he died he confessed to the exhuming of *sixteen* bodies, having the insane belief that he could procure an extract, by boiling the livers, which would cure liver complaint and other diseases. He had accomplices and agencies for the sale of his horrible potations.

LITERARY INTELLIGENCE.—Among the announcements of Childs & Peterson is an elaborate biography of Dr. Kane. Dr William Elder is the biographer—a good writer and warm friend and admirer of the deceased. Dr Kane early in life commenced keeping a private journal, and quite full memoranda of his extensive journeyings in all parts of the world are preserved, and in his biographer's possession. The contents of these journals are entirely unknown to the world, none of Dr Kane's travels, except in the Arctic regions, having ever been published. The volume will embrace some 300 pages, and will be illustrated in the best style.

The same firm have also in press the explorations of Col. Fremont, prepared for the press by Col Fremont himself. It is to be issued in excellent style and illustrated with steel plates and wood cuts.

A trick much in vogue some years ago, and by which desperate thieves managed to make many a rich haul of plunder has just been revived in New York. The rascals contemplating making a strike, would always select some store where a show window full of costly goods was easy of access from the sidewalk.

The plan is to fasten the front door from the outside by means of a rope or chain, so that those from within cannot make their exit that way. This being done, the thieves kick in the show window and grab such costly goods as they can escape with easily, and before the merchant or his clerks can reach the street the thieves are out of reach.

NEIGHBORS FOR VIRGINIA.—Rev Mr Lorviaux, a Protestant minister of France, has visited Virginia under the auspices of the American homestead company, and secured 3,000 acres of land in Monongahela county at the cheap rate of 75 cents per acre. His congregation of 500 Waldenses will immediately remove thither from the Alps in the south east of France, and he believes that thousands will follow them, as soon as they become aware of the cheap and desirable homes that await them in this country.

RAILROAD SUIT.—Rev George B. Jewett brought a suit against the Concord R R Co., for personal injuries caused by carelessness of defendants. He claims $40 000 damages and the case is on trial at Salem. Messrs Rufus Choate, H. F. Durant and Otis P. Lord, appear for Mr Jewett, and Messrs B F Butler, and John H. George of Concord, N. H., for the defendants.

PREMIUM FIRE WORKS FOR THE 4TH OF JULY. Committees or individuals wishing to obtain Fire works for the celebration of our National Anniversary, are referred to the advertisement of J. G. Hovey & Co. These gentlemen, *owing to their extensive wholesale trade*, have been obliged, for three years past, to decline taking some of the larger exhibitions, but have now made liberal arrangements to accept all orders for public displays, large or small. Messrs J. G. Hovey & Co have received the Boston contract for the coming Fourth of July. They intend it shall surpass all their former efforts upon Boston Common.

WASHINGTON, May 17. (Correspondence N. Y. Herald.) Despatches have been received from England, stating that the position of our government, as laid down in the reply of General Cass to Lord Napier, relative to Chinese affairs, is entirely satisfactory to the British Cabinet. The statement of the London Post that the request England made to our government was for peaceful co-operation is erroneous, joint armed intervention was asked for and decidedly declined. Our government agreed to co-operate by representation and joint remonstrance, and this is believed to be satisfactory to England, as it was obviously the only proper course for us to adopt.

A request for recall has been received by the State Department from Mr Cass, our Minister at Rome.

All the foreign appointments to be made this week will not exceed sixteen, most of the others are to lay over for a time. One full mission will be given to New York; it will be offered to either Mr. Dickinson or to Judge Parker of Albany.

Advices have been received at the State Department that no disturbance is anticipated on the Isthmus. The sloop of war Saratoga sails to-morrow from Norfolk for Aspinwall, and goes to Greytown to protect American interests on the Nicaragua transit route. A ship has also been ordered from Panama to San Juan del Sur. [illegible]

Commodore Kearney has been appointed to command the Navy Yard at Brooklyn.

A NOVEL METHOD OF DISPENSING JUSTICE.—The following is related of Mayor Foley, of Covington, Ky: Some months since a man was arrested and brought before him for whipping his wife. The mayor fined him and let him go, but within a week the chap was again arrested for the same offence, this time his honor imprisoned him, and after serving out his time he went home and again abused his better half, and notwithstanding the mayor fined and imprisoned the fellow for each offence, he would persist in his vile behavior. The mayor, after trying for months to reform him, had well nigh given up the task until one morning this "hero of a hundred fights" (with his wife) was arraigned on the old charge.—"Well," says his honor, "I suppose you think I am going to fine you?" "I dun know," said the culprit. "Perhaps you imagine I will imprison you?" continued mayor F. "I expect so," was the answer. "I shall do neither," said the mayor. "I discharge you." The fellows countenance began to brighten up when his honor adjourned the court, and after stepping to the door, invited him outside. "Now, you mean devil," said mayor F., "I have fined you and imprisoned you until I am tired of it, and yet you persist in ill treating your wife. I will now tell you, that if ever I hear of your abusing that woman again, *I'll whip you within an inch of your life.* Now travel." The mayor has never heard from that fellow since.

THE AFFECTION OF THE HORSE.—Riding in a stage a short time since, over the hills of Western Pennsylvania, I asked the privilege of *riding out* with the driver. This, in pleasant weather, and in a strange country, is my favorite seat. Many think it a disgrace to sit with the driver, but often I find philosophy guiding the horses of a public stage. It a passenger politely ask the privilege of riding out with the driver, it will probably be as politely granted, and no situation is so favorable for learning the local and most interesting history of the country through which a traveller is passing.

"That near horse," said I, is a fine animal." "Yes," said he, "if I had his mate, money could not purchase them. How old do you think he is?"

"Probably eight or nine," said I.

"He is twenty four," said he, "I have driven him nine years on this route. His mate was just like him; they have grown up together from colts, always worked together, and stood in the same stable. No person ever appeared to think more of a friend, or even a child, than those horses did of each other. If one was absent for a night or day, the other whinneyed, and looked and moved about the stable, calling for his absent friend. Last winter his mate died. Since then he has been constantly mournful and unhappy. He is constantly calling for his mate when in the stable, and he will not permit any horse to occupy the place of his companion in the stable. In all other places he is quiet and gentle, but will allow no one to be a companion at the stable where he had so often and so long enjoyed the society of his departed companion. But he is failing fast," said my friend, "he is evidently pining away with grief, and poor old Jim will soon join his mate in another, and I hope and believe in a higher state of existance."

"Why," said I, "do you suppose a horse has a conscious existance after death?"

"Certainly I do," said he, "I have the same evidence of it that I have that I shall exist. Have I love? So has the horse. Have I affection, sympathy, memory, mind, reason? So has the horse. Call it instinct if you please—I call it reason. True, the horse has not the organs of mathematical calculation, but many human beings are as destitute of them as a horse, and certainly they are not necessary to a future existance. It is the *moral* faculties that will survive in the grave. In those, old Jim is pre-eminent. Does any one love his friend? Certainly not better than Jim does his. Does any one strive to do his duty? Jim is a pattern of dutiful obedience. Does any one remember and mourn for his lost loved ones? Poor old Jim is going down sorrowing to the grave, for his loved mate."

Here my companion brushed a tear from his eye, as he reined up to the post office in Mercer County, and delivered his mail.—*Prairie Farmer.*

AN EXTRAORDINARY HAIL STORM. The Mobile Tribune gives an account of a singular hailstorm at Eastport, on the Warrior river, Ala., on the 7th inst. The morning was clear and pleasant, but at ten o'clock thunder was heard in the distance, heavy clouds were seen immediately after these, followed by a cold northwest wind, and heavy drops of rain for about ten minutes. Then came hail, of which the Tribune says.

"For twenty minutes hail stones, measuring from one to two and a half inches in diameter, fell thick and fast. The heavens were full of descending aerolities. The river was lashed into fury—on its surface spray and foam were alone visible; while on either side limbs and leaves were falling from the trees, the ground was white and literally covered with enormous sized hail stones, which were rebounding from the earth and dancing about in wild confusion. After the storm passed over, the sun again burst forth in all its glory, but the warmth of its rays failed to take the keen chill from the atmosphere during the remainder of the day.

THE MODERN BABYLON. The census in England is all taken in one single night. It discloses some interesting facts concerning the city of London. In this city, there were, on the night of the taking of the census, 2 362,236 persons—1,106,568 males and 1,254 678 females. The number of widowers were 37,089—widows 110 076. On the night of the census there were 28,698 husbands whose wives were absent, and 39 231 wives mourning their absent lords. London is the healthiest city in the world—the annual deaths only averaging 1 out of 40 inhabitants. It is the most densely populated city in the world. If the population were drawn up in marching order, two and two, the length of the great army of Londoners would not be less than 670 miles. One hundred and sixty nine people die daily, and a babe is born every five minutes.

MORE MORMON OUTRAGES.—*New York*, May 18. The Times correspondent gives details of recent Mormon outrages at Salt Lake City, where a band of armed Danites entered the U S Court Room, while the Court was in session, and by threats of personal violence, compelled Judge Stiles to adjourn the Court *sine die.* The Judge, previous to submitting, appealed to Brigham Young for protection, but that functionary replied that he would not interfere, but let the boys have their own way, for the Court had already caused him too much trouble.

A German, who by being asleep, passed the Rhinebeck Station, Hudson River Railroad, (where he wished to stop,) on Wednesday last jumped from the cars while they were in full motion, and miraculously escaped injury, notwithstanding he was thrown into a heap of stones. Imagine the conductor's surprise, when after stopping and backing the train to where he supposed he would find the mutilated corpse of his passenger, to get this answer to his interrogatory—"Are you hurt?" "NIX!"

As it happened to be the only note of that denomination out, the cashier has given notice that it will not be redeemed. [illegible]

AN OLD NURSE FOR CHILDREN.—Don't fail to procure Mrs. Winslow's Soothing Syrup for Children Teething. It has no equal on earth. No mother who has ever tried Mrs. Winslow's SOOTHING SYRUP for Children, will ever consent to let her child pass through the distressing and critical period of teething without the aid of this invaluable preparation. Holloway's Pills, a most famous Remedy for the cure of Nervousness and General Debility. Jasper M'Cann, of Bridge st., Brooklyn New York, was without doubt a severe sufferer from nervous and general debility. The least thing provoked his irritability, put him in a phrensy and laid him up; this was caused by the bad state of the fluids, and though he tried many remedies for this complaint he was not benefitted. At length he had recourse to Holloway's Pills, which quickly performed their part by removing the injurious fluids from the system, cleared his head restored tone and vigor to the stomach, and after five weeks perseverance restored him to the blessings of health.

Clarke's Female Pills.

THE GREAT ENGLISH REMEDY, *Prepared from a prescription of Sir J. Clarke, M. D., Physician Extraordinary to the Queen.*

This invaluable Medicine is unfailing in the cure of all those painful and dangerous disorders to which the female constitution is subject.

TO MARRIED LADIES

It is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

Each bottle, price One Dollar, bears the Government stamp of Great Britain, to prevent counterfeits.

CAUTION.

Perry Davis' Vegetable Pain Killer
STILL TRIUMPHANT!

And, after a thorough trial by innumerable living witnesses, it has proved itself to be THE MEDICINE OF THE AGE.

Although there have been many medicinal preparations before the public since the first introduction of Perry Davis' Vegetable Pain Killer, and large amounts expended in their introduction, the Pain Killer has continued to steadily advance in the estimation of the world, as the best Family Medicine ever introduced.

The genuine Perry Davis' Pain Killer is now put up in panel bottles, with the words DAVIS' PAIN KILLER blown in the glass, and with two steel engraved labels on each bottle—one an excellent likeness of Perry Davis, the original inventor of the medicine, the other a steel engraved note of hand—none others can be relied on as genuine. Price of bottles 12½ cents, 25 cents, 50 cents, and $1, respectively. PERRY DAVIS & SON, Proprietors, 74 High street, Providence, R. I.

One word in regard to Perry Davis' Pain Killer. I have used that in my family for some two years, and take great pleasure in recommending it as a valuable medicine, that should be kept in every family. I have witnessed wonderful speedy cures by its use—recently, with in the last week, I have known a very severe case of rheumatism cured [illegible] by this, in my estimation, invaluable remedy.

JAMES R. SWAN, Pastor of the [illegible] Church, New London.

BLEEDING AT THE LUNGS CURED.

Seth W. Fowle, Esq.—Dear Sir—Having been attacked with hemorrhage of the lungs, which left me with a troublesome cough and the usual debility consequent upon such an attack, and having cured myself by the use of WISTAR'S BALSAM OF WILD CHERRY, I feel it a pleasure and a duty to testify to its merits. My general faith in patent medicines is small, but for those who are suffering under pulmonary attacks, I am persuaded that the Balsam is an excellent preparation.

Yours very truly,
JONA. R. CHILDS, Editor Chicopee Telegraph.

Restoring Gray Hair to its Original Color

WARRANTED to cure Baldness Scurf
Dandruff Itching and all diseases of the
skin The Balm gives the scalp a ... hearl
thy action ... coloring matter to the
roots of the Hair ... the ... Hair
... at ... color with ... the use of
Hair Dye
Hundreds of preparations have been introduced,
pretending to preserve the Hair and keep it from
falling off composed of Oils Alcohol and other
deleterious materials and ... Hair
dyes have been introduced ... the
Hair a natural ... being troublesome to
use This Balm is not a Dye Knowing that a
preparation was needed to do what was required
for the Hair the proprietor was induced to exper-
iment until he could obtain an article that would
be the exact remedy and after seven years trial has
perfected this Balm It is soothing and an oil -
ent, allays all irritation of the scalp thereby stop-
ping that troublesome itching It cures Dandruff,
and Scurf and when the hair has turned gray it
will bring it back to its original color be it Black,
Brown or Auburn It makes the Hair soft and
glossy prevents it from falling off as will be seen
upon using this Balm for only a few days—life will
be given to the roots of the Hair, and growth will
soon appear Growth does not take place
at the end of the Hair as will be seen in persons
who have had their hair dyed If you examine
gray hair that has been colored for a week you
will find towards the roots that the hair has come
out gray hence it is necessary to have the fluid at
the roots of the hair healthy that the whole hair
may be a natural color Each hair has a root in
the skin and is of itself a hollow gray tube, thro
which there is a constant circulation of the pig-
ment from the root When this pigment or col-
oring matter dies out, it leaves the hair hollow,
and it becomes gray To invent a Balm that
would produce this pigment has become the study
of the proprietor The discovery of the Alpine
Hair Balm will do it It will bring the hair to its
natural color by making anew the coloring mat-
ter in the roots of the hair
It is a mistaken notion that oil or grease will
restore the hair as nothing can be more injuri
ous The Alpine Hair Balm will restore the skin
and save the hair of those who have been sick
with fever or any other disease

LINCOLN'S WATER PROOF BLACKING,

AND LEATHER PRESERVATIVE.

Keep your Feet dry and you will seldom need a Physician

IS it not a truth that when the feet are often wet it is one of the greatest causes of colds and consumption? It is a truth that when leather is often wet and dried it soon becomes hard stiff, and cracks but when it is water proof this is remedied By the application of this preservative, it remains soft, and entirely impervious to water

After being engaged for 25 years in the manufacture of Leather in all its branches and being often troubled with wet feet myself I was led to experimenting on different compositions and found it easy to make it water proof but at the same time extremely injurious to the leather At last by a chemical process I discovered a preparation which perfectly harmonizes with the astringent properties with which leather is tanned It will not only make leather water proof but it likewise softens the leather and it will

Positively wear twice as long.

I have now used it for three years and a large part of that time have worked in a wet Tannery, with my boots constantly in water, and have not had my feet wet during that time I can therefore in all confidence, recommend it to the public as the best article in the market

American & Foreign Patents.

R. H. EDDY,

SOLICITOR OF PATENTS,

(Late Agent of U S Patent Office Washington under the Act of 1837)

No. 76 State Street opposite Kilby St., BOSTON

AFTER an extensive practice of upwards of twenty years continues to secure Patents in the United States also in Great Britain, France and other foreign countries Caveats, Specifications Assignments and all Papers or Drawings for Patents executed on liberal terms, and with despatch Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions and legal or other advice rendered in all matters touching the same Copies of the claims of any Patent furnished by remitting One Dollar Assignments recorded at Washington

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY he would add that he has abundant reason to believe and can prove that at no other office of the kind are the charges for professional services so moderate—The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents These besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe render him able, beyond question, to offer superior facilities for obtaining patents

All necessity of a journey to Washington to procure a Patent and the usual great delay there are here saved inventors

Testimonials

"During the time I occupied the office of Commissioner of Patents R H EDDY Esq of Boston did business at the Patent Office as Solicitor for procuring Patents—There were few if any persons acting in that capacity who had so much business before the Patent Office and there were none who conducted it with more skill fidelity and success I regard Mr Eddy as one of the best informed and most skillful Patent Solicitors in the United States and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

ONLY ONE BOTTLE

—OF—

DR SANFORD'S

INVIGORATOR OR LIVER REMEDY!

IS REQUIRED TO CURE ANY ONE TROUBLED with Liver Complaints, unless the most inveterate of cases, when the second bottle will with scarce a single failure restore the patient to health and vigor We wish to call the attention of all to these facts that the Invigorator is compounded by a physician who has used it in his practice for the past 20 years with a success almost incredible and that it is entirely vegetable being composed wholly of gums

Some idea of the strength of these gums may be formed when it is known that one bottle of the Invigorator contains as much strength as one hundred doses of calomel without any of its deleterious effects

One bottle is the surest thing known to carry away the bad effects of mineral poison of any kind

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness

One bottle taken for Jaundice removes all yellowness or unnatural color from the skin

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring

Only one dose taken before retiring will prevent nightmare

One dose taken at night loosens the bowels gently and cures costiveness

One dose taken after each meal will cure dyspepsia

One dose of two teaspoonsful will always relieve sick headache

One bottle taken for female obstruction removes the cause of the disease and makes a perfect cure

Only one dose immediately relieves cholic

One dose often repeated is a sure cure for cholera morbus and a preventive of cholera

One dose taken often will prevent the recurrence of bilious attacks while it relieves all painful feelings

☞One or two doses taken occasionally is one of the best remedies for a cold ever known

Thousands of Cases of inflammation & weakness of the lungs have been cured by the Invigorator

One dose taken a short time before eating gives vigor to the appetite and makes food digest well

One dose often repeated cures chronic diarrhea in its worst forms while summer and bowel complaints yield almost to the first dose

One or two doses cures attacks caused by worms in children there is no surer safer and speedier remedy in the world as it never fails

There are no exaggerations in these statements They are plain and sober facts that we can give evidence to prove while all who use it are giving their unanimous testimony in its favor

We wish all who are sick and debilitated to try this remedy and test it thoroughly and who are not be convinced by these statements who we wish to hear from those who has used it, yet to hear from the first person who has used it without receiving benefit Try this medicine and if there are such astonishing medicinal virtue in it that all, no matter how long they have been afflicted will be benefited planted so seen from a deranged liver will be benefited and not entirely cured

Radical Regenerator,

FOR SEMINAL WEAKNESS,

In all its forms as Nocturnal and Diurnal Emissions Nervous Irritability Premature Decay, Loss of Virility Impotency, and all diseases arising from early indiscretion

This excellent Remedy discovered by the world renowned DR. CULVERWELL, in London the most successful practitioner in his line for the last 30 years, is now for the first time offered to the afflicted in the fullest confidence of its extraordinary virtues Its salutary effect is almost instantly felt, and it will doubtless at once supersede all other means resorted to medical surgical or otherwise to arrest and to cure this awful disease A single trial will convince the most sceptical that a safe and perfect cure may now be had at the expense of a few dollars which up to this date could not be procured for all the gold of the world The heavy expenses incurred in bringing this article before the public could not be risked were its superiority over every means hitherto employed for the same purpose not a sure guarantee that its employment by one person would through recommendation, result in an eventual sale to many

DR CULVERWELL s admirable and entirely novel plan of treating these diseases, is in the interest of humanity, recommended to physicians throughout the land, to whom every facility will be afforded for testing its wonderful efficacy in their private practice

I have used Prof O J Wood s Hair Restorative and have admired its wonderful effect My hair was becoming as I thought prematurely gray but by the use of his Restorative it has resumed its original color and I have no doubt permanently so

THE GREATEST MEDICAL DISCOVERY Of the Age.

Dr KENNEDY of Roxbury has discovered in one of our *common pasture weeds* a remedy that cures

EVERY KIND OF HUMOR;

From the worst Scrofula down to a common Pimple.

He has tried it in over 1100 cases and never failed except in two cases, (both thunder humor) He has now in his possession over two hundred certificates of its virtue all within twenty miles of Boston

Two bottles are warranted to cure a nursing sore mouth

One to three bottles will cure the worst kind of pimples on the face

Two to three bottles will clear the system of biles

Two bottles are warranted to cure the worst canker in the mouth and stomach

Three to five bottles are warranted to cure the worst case of Erysipelas

One to two bottles are warranted to cure all humor in the eyes

Two bottles are warranted to cure running of the ears and blotches among the hair

Four to six bottles are warranted to cure corrupt and running ulcers

One bottle will cure scaly eruption of the skin

Two to three bottles are warranted to cure the worst cases of ringworm

Two to three bottles are warranted to cure the most desperate case of rheumatism

Three to four bottles are warranted to cure the salt rheum

Five to eight bottles will cure the worst cases of scrofula

A benefit is always experienced from the first bottle and a perfect cure is warranted when the above quantity is taken

Reader I peddled over a thousand bottles of this in the vicinity of Boston I know the effect of it in every case So sure as water will extinguish fire so sure will this cure humor I never sold a bottle of it but that sold another after a trial it always speaks for itself There are two things about this herb that appear to me surprising first that it grows in our pastures in some places quite plentiful and yet its value has never been known until I discovered it in 1846—second that it should cure all kinds of humor

In order to give some idea of the sudden rise and great popularity of the discovery I will state that in April, 1853 I peddled it and sold about six bottles per day—in April 1854 I sold over one thousand bottles per day of it

Some of the wholesale Druggists who have been in business twenty and thirty years say that nothing in the annals of patent medicines was ever like it There is a universal praise of it from all quarters

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine great and wonderful virtues have been found in it that I never suspected

Several cases of epileptic fits—a disease which was always considered incurable have been cured by a few bottles O what a mercy if it will prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have

I know of several cases of Dropsy all of them aged people cured by it For the various diseases of the Liver Sick Headache Dyspepsia Asthma Fever and Ague Pain in the Side Diseases of the Spine, and particularly in Diseases of the Kidneys &c the discovery has done more good than any medicine ever known

No change of diet ever necessary—eat the best you can get and enough of it

DIRECTIONS FOR USE —Adults one table spoonful per day—children over ten years dessert spoonful—Children from five to eight years tea spoonful As no directions can be applicable to all constitutions take sufficient to operate on the bowels twice a day
